Dear Parents/Carers,

Indication of interest in HSC subject changes

At the conclusion of the Preliminary Course a number of students will have the opportunity to change subjects. The purpose of this letter is to gauge student interest in changing subjects.

Students will be able to change the following subjects. Students may wish to change from:

- Advanced English to Standard English
- Mathematics to Mathematics General 2
- Chemistry to Senior Science
- Studies of Religion to Catholic Studies

Students attempting Extension English or Mathematics may choose to discontinue these courses.

Finally, students may register their interest in two new courses for the HSC, Extension History and Extension II English. To be considered for these courses students will need to have demonstrated a high level of performance in Ancient or Modern History for Extension History or Advanced and Extension I English for Extension II English.

In order to indicate your interest in any of these options, please complete the tear off form below and return it to your Academic Care tutor. This will be the starting point for discussion about the change. After this discussion, the College will send home another letter confirming your wish to change subjects. If you require further information, please contact the College.

Yours faithfully,

Ric Bombardiere
Director of Learning and Teaching
St Benedict's Catholic College

Indication of interest in HSC subject changes
