# Year 11, 2015

## Equipment and Material List

It is important for students commencing Year 11 to be prepared with correct equipment and materials for their studies. In order to commence Year 11, it is an expectation that students purchase all prerequisite textbooks as well as the relevant equipment and material needed for their courses ready for the start of Term 1, 2015.

The College recommends that, in addition to textbooks, the following equipment and material be purchased for the start of Year 11:
